TO: Chapter Presidents and Secretaries-

Auxiliary Members of TASO-Volleyball are required to view the '2021 Line Judging Video" and take the Line Judge test. Auxiliary officials must meet the same test scoring requirement as all other officials.

We are providing the '2021 Line Judging Video and Test" as **optional training for any official.** We believe it would be good material for the newer officials since it is specific to lines. This is optional training, not required. It is a great tool for everyone.

The test was compiled from the Rule Book, Case Book and TASO Polices – just like the regular test. There is no 'one' source. The policies are available on the TASO-Volleyball website under 'about us' or within the Volleyball member portal and the Volleyball Operating Procedures.

Rule Book – page 27-28; page 64-65
